

Pump MHP 12/12

Pressure	10 bar (145 psi)
Volume	10 ml / min.
Voltage rating	11.6 V
Current consumption	0.25 A (max.)
Liquid	hydraulic fluid HLP 10
Principal of operation	gear pump
Drive train	gear motor with magnetic coupling

caution! strong magnetic fields !

Control Valve DSV 4/3/3

Connects to 3 lifting cylinders.
including 3 servos, completely assembled.
All connections M3.
